To the Minister of Finance, Province of Nova Scotia

We have audited the accompanying consolidated financial statements of Sydney Steel Corporation Superannuation Fund (the "Fund"), which comprise the consolidated statement of financial position as at March 31, 2014, and the consolidated statement of changes in net assets available for benefits, statement of changes in pension obligations, and statement of changes in deficit for the year ended March 31, 2014, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian accounting standards for pension plans, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Fund as at March 31, 2014, and its changes in net assets available for benefits, changes in pension obligation and deficit for the year ended March 31, 2014 in accordance with Canadian accounting standards for pension plans.

PROVINCE OF NOVA SCOTIA

SYDNEY STEEL CORPORATION SUPERANNUATION FUND

Notes to Consolidated Financial Statements
Year ended March 31, 2014

1. Authority and description of Plans:

The Sydney Steel Corporation Superannuation Fund (the "Fund") was established under Section 7 of the Sydney Steel Corporation Sale Act (the "Act"), which was proclaimed on February 9, 2001. Order in Council No. 2001-98 designated February 28, 2001 as the effective date on which the assets and obligations of the Sydney Steel Corporation pension plans were transferred to the Fund. The Minister of Finance of the Province of Nova Scotia is responsible for the Fund.

Under subsection 7(9) of the Act, the Minister of Finance assumed responsibility to fund any shortfalls arising under the Fund.

a) United Steel Workers of America Pension Plan:

The Plan is a defined benefit pension plan covering former employees of the Sydney Steel Corporation who were members of Locals 1064, 6537 and 6516 of the United Steelworkers of America.

A service pension is available based on \$30.00 per month per year of service, effective January 1, 1995 (previously \$16.50 per month), to a maximum of 35 years plus the amount of pension benefit as established under the provisions of the 1955 Pension Plan.

Death benefits are available if certain criteria are met.

b) Salaried Pension Plan:

The Plan is a defined benefit pension plan covering former salaried employees of the Sydney Steel Corporation.

A service pension is available based on \$30.00 per month per year of service, effective January 1, 1995 (previously \$16.50 per month), to a maximum of 35 years plus certain percentages of required contributions made after May 1, 1955.

Senior management employees receive, for each year of senior management service, a pension based on 2% of the highest average salary of their best 5 years.

Death benefits are available if certain criteria are met.

PROVINCE OF NOVA SCOTIA

SYDNEY STEEL CORPORATION SUPERANNUATION FUND

Notes to Consolidated Financial Statements
Year ended March 31, 2014

1. Authority and description of Plans (continued):

c) Canadian Union of Public Employees' Pension Plan:

The Plan is a defined benefit pension plan covering former employees of the Sydney Steel Corporation who were members of Locals 1675 of the Canadian Union of Public Employees.

A service pension is available based on \$35.00 per month per year of service, effective January 1, 1995 (previously \$16.50 per month), to a maximum of 35 years plus the amount of pension benefit as established under the provisions of the 1955 Pension Plan.

Death benefits are available if certain criteria are met.

2. Basis of preparation:

a) Basis of presentation:

The Fund adopted Canadian accounting standards for pension plans in Part IV of the Canadian Institute of Chartered Accountants Handbook ("CICA"), Section 4600 – Pension Plans ("Section 4600"), on April 1, 2011 with a transition date of April 1, 2010. Section 4600 provides specific accounting guidance on investments and pension obligations. For accounting policies that do not relate to either investments or pension obligations, the Fund must consistently comply with either International Financial Reporting Standards ("IFRS") in Part I of the CICA Handbook or Accounting Standards for Private Enterprises ("ASPE") in Part II of the CICA Handbook. The Fund has elected to comply on a consistent basis with IFRS in Part I of the CICA Handbook. To the extent that IFRS in Part I is inconsistent with Section 4600, Section 4600 takes precedence.

The adoption of Section 4600 had no impact on the Fund's net assets available for benefits, the accrued pension obligations and deficits or total investment income.

These consolidated financial statements are prepared on a going concern basis and present the aggregate financial position of the Fund as a separate reporting entity.

Certain comparative figures have been reclassified to adopt the changes to Section 4600.

These consolidated financial statements were authorized for issue by the Minister of Finance on June 30, 2014.

PROVINCE OF NOVA SCOTIA

SYDNEY STEEL CORPORATION SUPERANNUATION FUND

Notes to Consolidated Financial Statements
Year ended March 31, 2014

2. Basis of preparation (continued):

b) Basis of measurement:

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments which are measured at fair value through the statement of changes in net assets available for benefits.

c) Functional and presentation currency:

These financial statements are presented in Canadian dollars, which is the Fund's functional currency.

d) Use of estimates and judgments:

The preparation of the consolidated financial statements in conformity with Section 4600 and IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities at the date of the statement of financial position, the reported amounts of changes in net assets available for benefits and accrued pension benefits during the year. Actual results may differ from those estimates. Significant estimates included in the financial statements relate to the determination of the accrued pension obligation.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future years affected.

3. Significant accounting policies:

a) Basis of consolidation:

These consolidated financial statements include the accounts of the following pension plans:

- United Steel Workers of America Pension Plan
- Salaried Pension Plan
- Canadian Union of Public Employees' Pension Plan

PROVINCE OF NOVA SCOTIA

SYDNEY STEEL CORPORATION SUPERANNUATION FUND

Notes to Consolidated Financial Statements
Year ended March 31, 2014

3. Significant accounting policies (continued):

b) Financial instruments:

All financial instruments are initially measured in the consolidated statement of financial position at fair value, where fair value is defined as the amount for which an asset could be exchanged or a liability could be settled between knowledgeable, willing parties in an arm's length transaction on the measurement date. All financial instruments are classified into one of five categories: fair value through profit and loss, held to maturity, loans and receivables, available for sale financial assets, or other financial liabilities. The Fund's financial assets include cash and receivables (both classified as loans and receivables). Financial liabilities are payables and accruals (classified as other financial liabilities). Subsequent measurement of these assets and liabilities are measured at amortized cost.

Financial instruments risk

Unless otherwise noted, it is management's opinion that the Fund is not exposed to significant credit risk, liquidity risk, and market risk arising from its financial instruments.

c) Accrued pension obligation:

The value of the accrued pension obligation of the Fund is based on an extrapolation from a going concern method actuarial valuation prepared by an independent firm of actuaries using the projected unit credit method. The accrued pension obligation is measured in accordance with accepted actuarial methods using actuarial assumptions and methods adopted by the Fund for the purpose of establishing the long-term funding requirements of the Plans. The extrapolation included in the financial statements is consistent with the valuation for funding purposes except that the discount rate and mortality assumptions were revised (refer to note 6).

d) Contributions:

There are no active pension plan members. All benefit payments and administration expenses are funded by the Minister of Finance through payments to the Fund from the Province's General Revenue Fund.

e) Benefits:

Benefit payments to retired members and survivors, and commuted value payments are recorded in the period in which they are paid. Accrued benefits are recorded as part of accrued actuarial liabilities.

PROVINCE OF NOVA SCOTIA

SYDNEY STEEL CORPORATION SUPERANNUATION FUND

Notes to Consolidated Financial Statements
Year ended March 31, 2014

3. Significant accounting policies (continued):

f) Administrative expenses:

Administrative expenses are recorded on an accrual basis and include expenses incurred to provide direct services to the plan members, and for actuarial, audit and professional services.

g) Income taxes:

The Fund is the funding vehicle for registered pension plans, as defined by the Income Tax Act (Canada) and, accordingly is not subject to income taxes.

h) New standards and interpretations not yet adopted:

The International Accounting Standards Board has issued a number of new and amended standards which are not yet effective and have not been early adopted by the Fund. The relevant new guidance includes:

- IFRS 9, Financial Instruments. The new standards will replace IAS 39, Financial Instruments: Recognition and Measurement and includes guidance on recognition and derecognition of financial assets and financial liabilities. The new standard is tentatively effective for annual periods beginning on or after January 1, 2018 and early application is permitted.
- IAS 32 Financial Instruments: Presentation. The amended standard will address inconsistencies in current practice when applying the offsetting criteria. The amendments clarify the meaning of 'currently has a legally enforceable right of set-off' and clarify that some gross settlement systems may be considered equivalent to net settlement. The amended standard is effective for annual periods beginning on or after January 1, 2014.
- IFRIC 21, Levies. This standard is an interpretation of IAS 37, Provisions, Contingent Liabilities and Contingent Assets. It establishes criteria for the recognition of a liability to pay levies imposed by governments other than income taxes. The new standard is effective for annual periods beginning on or after January 1, 2014.

The Fund is still currently evaluating the impact of these new standards.

PROVINCE OF NOVA SCOTIA

SYDNEY STEEL CORPORATION SUPERANNUATION FUND

Notes to Consolidated Financial Statements
Year ended March 31, 2014

4. Contributions:

There are no active pension plan members. All benefit payments and administration expenses are funded by the Minister of Finance through payments to the Fund from the Province's General Revenue Fund.

5. Investments:

The Fund's invested assets were depleted in October 2007. Pension payments are now funded completely by the Minister of Finance. Investment income is from interest on cash balances and from recoveries from previously owned investments.

6. Accrued pension obligation:

The actuarial present value of the accrued pension obligation is an estimate of the value of pension obligations of the Fund in respect of benefits accrued to date for all deferred pensioners, pensioners and survivors. As the experience of the Plans unfolds, and as underlying conditions change over time, the actual value of accrued benefits payable in the future could be materially different from the actuarial present value.

Actuarial valuations of the Plans are performed every three years, and provide an estimate of the accrued pension obligation (Fund liabilities) calculated using various economic and demographic assumptions, based on membership data as at the valuation date. The Fund's consulting actuaries, Mercer (September 30, 2008 – Morneau Sobeco), performed valuations as at September 30, 2011 and issued their reports in April 2012. The reports indicated that the Fund had an unfunded liability of \$184,724,700 (September 30, 2008 - \$212,068,300).

The major economic and demographic assumptions used in the September 30, 2011 valuations remained unchanged from those used in the September 30, 2008 valuations, with the exception of the discount rate, which changed from 4.95% to 4.75%, and the mortality table, which changed from UP94 projected to 2015 using Scale AA to UP94 generational with mortality improvements projected using Scale AA.

PROVINCE OF NOVA SCOTIA
SYDNEY STEEL CORPORATION SUPERANNUATION FUND

Notes to Consolidated Financial Statements
Year ended March 31, 2014

6. Accrued pension obligation (continued):

	Extrapolation	Extrapolation	Extrapolation
	March 31, 2014	March 31, 2013	March 31, 2012
Inflation (only applies to the Salaried Plan)	2.25% per annum	2.25% per annum	2.25% per annum
Average salary increase	Not applicable	Not applicable	Not applicable
Interest (discount) rate	4.10% per annum	4.30% per annum	4.75% per annum
Retirement age	Earliest unreduced retirement date	Earliest unreduced retirement date	Earliest unreduced retirement date
Mortality	UP-94 generational with mortality improvements projected using 150% of scale AA	UP-94 generational with mortality improvements projected using scale AA	UP-94 generational with mortality improvements projected using scale AA

The most recent valuation of the Plans took place as at September 30, 2011. The next actuarial valuations are required to be performed as at September 30, 2014.

7. Benefits:

	March 31, 2014	March 31, 2013
Benefits paid to pensioners	\$ 16,427,516	\$ 17,468,538
Benefits paid to survivors	722,052	728,190
Refunds paid to terminated members	-	4,713
	\$ 17,149,568	\$ 18,201,441

PROVINCE OF NOVA SCOTIA

SYDNEY STEEL CORPORATION SUPERANNUATION FUND

Notes to Consolidated Financial Statements
Year ended March 31, 2014

8. Administrative expenses:

The Fund is charged with administrative and other expenses, certain of which are incurred on behalf of the Fund by the Nova Scotia Pension Services Corporation (2013 – Nova Scotia Pension Agency). The following is a summary of these expenses.

	March 31, 2014	March 31, 2013
Salaries	\$ 74,911	\$ 72,056
Administration & Custody	27,610	31,157
Professional, Supplies & Services	17,886	32,950
Audit	5,620	5,500
HST	19,801	4,936
	<u>\$ 145,828</u>	<u>\$ 146,599</u>

9. Capital management:

The Minister of Finance (see note 1) manages the benefits as required by the Sydney Steel Corporation Sale Act. The Minister of Finance approves and incurs expenses to administer the commerce of the Fund as required under the Act.

Benefit payments are funded by the General Revenue Fund of the Province of Nova Scotia. The Fund exercises due diligence and has established written policies, procedures, and approval processes. Operating budgets, audited financial statements, actuarial valuations and reports, and as required, the retention of supplementary professional, technical and other advisors, are part of the Fund's governance structure.
